The latest news from our school

In the issue

**The beginning of
New School Year**

**The International
Dot Day**

**Let's go outside!
First school trip**

**Joke & riddle
corner**

Ready to start

This is the first issue of our school magazine *English Corner*. In the magazine students and English teachers present the latest news and important events for the school society. What happened in September? Let's find out.

On September 1, 2021, there was a formal start of New School Year 2021/2022. A school community: teachers, students, workers as well as invited guests celebrated the 100th anniversary of the origin of our school. After the ceremony a jubilee oak has been planted. What is more, there are lot of planned activities to celebrate the anniversary . Stay tuned and follow a school website. You will find more information!

After the ceremony a jubilee oak has been planted. What is more, there are lot of planned activities to celebrate the anniversary . Stay tuned and follow a school website. You will find more information!

Let's have a look at some upcoming events or tasks:

- A jubilee exhibition of past photos and chronicles;
- Przedwczoraj, wczoraj, dziś – a competition for students to conduct an interview with their relatives who graduated our school or worked there;

Moja szkoła wczoraj i dziś – a short video about the school;

- Posters about the school – language competition called Then & Now;
- Letters from the past – an activity for students to describe in English or Spanish a typical day at school / students / a school building.

The International Dot Day

is celebrated by adults and children to help kids to show their talents and believe in their abilities. It is a great day to plan a wide range of activities for students. In our school class 7a was encouraged to take part in dot experiment during the physics lesson. It was a nice experience.

First, students watched a video about the watercolour techniques and effects by using salt. Then, they created their own artworks and had a lecture about one of the greatest inventors of all time - Leonardo da Vinci.

A little bit of history:

On September 15, 2003, author and illustrator of children's books, Peter H. Reynolds released his book "The Dot" about a little girl who wanted to draw but she didn't know how to start. What was next? What about the dot?

"Just make a
MARK and see
where it takes
you."

*Peter H.
Reynolds*

On September 15, 2021, the students from class 4a, 4b and 4c went to the forester's lodge. First, we made a fire and we ate some sausages. Then, we had some time to relax and play together. The weather was fantastic so we were glad to spend time outside in the forest. It was a nice day!

Below there are some comments from the students written after the event.

In the forest we played hide and seek with my friends! I liked it!

Jasiek , class 4c

*The campfire is always a good idea :) We had sausages and bread.
We played on the playground.*

Mikołaj, class 4c

I liked the trip.

Liliana, class 4c

Look at our photoreport from the trip on the next page!

On September 26, 2021, we celebrated The European Language Day. This year to celebrate this wonderful day in our school, we decided to prepare a language challenge as we all know that learning languages is one of the most important skills nowadays.

English teachers asked questions about the English-speaking countries, including knowledge about the culture, food, geography, etc.

The questions were divided into 3 levels of difficulty:

- easy
- medium
- hard

Joke & riddle corner

JOKE/RIDDLE CORNER -> Autumn riddles

Q: What do you get when you drop a pumpkin?

A: Squash

Q: Why do birds fly south for the winter?

A: Because it is too far for them to walk.
